

MERRY CHRISTMAS  
**Merry Christmas from the Shreves 2017**

Our year has been like Groundhog Day with very similar activities from the year before. I still attend my OLLI writing group and keep posting stories on: [shakeybikeontour.blogspot.com](http://shakeybikeontour.blogspot.com). I am on our homeowners board and keep quite busy helping to maintain our complex. John ran another half-marathon this year and beat last year's time. If he isn't running, he bicycles around town. He got involved in the Stockton bicycle coalition to improve biking paths.

Aaron continues his teaching career, Misha is now in third grade and Rita has a new job that is closer to home. Brad has now been one year at Life Time Fitness and continues to improve his fitness credentials. He just finished training to be a yoga teacher. One of the blogs, on my site, is written by Brad on his day of charity.

This summer John and I celebrated our 50<sup>th</sup> wedding anniversary in Ashland, Oregon with the entire family. Margarita, Rita, Aaron, Donna, John, Misha, Brad are clockwise around the table. We wish you and yours a wonderful new year.
